A manufacturer may reduce tobacco products to materials without supervision. If the tobacco products have been entered in the factory record as manufactured or received, an entry shall be made in such record of the quantity of pipe tobacco or roll-your-own tobacco and the kind and quantity of cigars, cigarettes, and smokeless tobacco reduced to materials and of the quantity of tobacco resulting from the reduction. § 40.253 Destruction.

The appropriate TTB officer may assign an appropriate TTB officer to supervise destruction of the tobacco products or he may authorize the manufacturer to destroy such products without supervision by so stating on a copy of the manufacturer's notice returned to the manufacturer. When so authorized by the appropriate TTB officer, the manufacturer shall destroy the tobacco products by burning completely or by rendering them unfit for consumption. Upon completion of the destruction, the manufacturer shall

make an entry of such destruction in his factory record, and where destruction without supervision is authorized, shall record the date and method of destruction on the notice returned to him by the appropriate TTB officer, which notice the manufacturer shall retain. Where the manufacturer intends to file claim for credit, allowance, or refund of tax on such products he shall comply with the provisions of §§ 40.311 and 40.313.

§ 40.254 Receipt into factory.

A manufacturer of tobacco products may receive in bond into his factory tobacco products and may also receive into his factory tobacco products on which the tax has been determined (including products on which the tax has been paid). Cigars and cigarettes on which the tax has been determined which are so received shall be segregated and identified as products on which the tax has been determined. If tax determined products received into the factory are so handled that they cannot be identified both physically and in the records as tax determined products they shall be accounted for as returned to bond and upon subsequent removal shall be tax determined. Where returned tax determined tobacco products are to be repackaged without being returned to bond the manufacturer shall make application for authorization to do so to the appropriate TTB officer in accordance with § 40.217. Where the manufacturer intends to file claim for credit, allowance, or refund of tax on tax determined products he shall comply with the provisions of §§ 40.311 and 40.313.

§ 40.255 Shortages and overages in inventory.

Whenever a manufacturer of tobacco products makes a physical inventory of

packaged tobacco products in bond, either as part of normal operations or when required by an appropriate TTB officer, and such inventory discloses a shortage or overage in such products by kind as recorded and reported (*i.e.*, small cigars, large cigars, chewing tobacco, snuff, pipe tobacco, or roll-your-own tobacco), the manufacturer shall enter such shortage or overage in the records required by § 40.183. Shortages or overages in inventories made at different times may not be used to offset each other, but shall be recorded and reported separately. Unless the manufacturer establishes that a shortage was not caused by a removal subject to the tax the manufacturer shall determine the tax on any shortage, make an adjustment in Schedule A of his next semimonthly tax return and pay the tax thereon. If, after paying the tax on a shortage, the manufacturer satisfactorily establishes that the shortage was not caused by a removal subject to tax, then such payment would be an overpayment of tax which the manufacturer may recover as provided in § 40.286. Where the manufacturer can establish prior to paying the tax on a shortage, that the shortage was not the result of a removal subject to tax he shall submit an explanation of such shortage with his report for the month in which the shortage was disclosed and, if appropriate, he may file claim for remission of tax liability as provided in § 40.287. When an overage is disclosed which the manufacturer can explain, he shall include such explanation in his monthly report and refund of any overpayment may be recovered as provided in § 40.286. Whenever a physical inventory discloses a shortage or overage of tobacco products which have not been packaged the manufacturer shall appropriately enter such shortage or overage in his records and shall, at the time required by the appropriate TTB officer, furnish an explanation in the form of a claim for remission of tax liability as provided in § 40.287. The manufacturer shall pay the tax on any shortage or portion thereof for which he is unable to furnish an ex-

planation acceptable to the appropriate TTB officer.
